Dear Tracey:

Enclosed for your information is a copy of Senators Leahy's and Huddleston's proposed amendment to the FY 1985 Intelligence Authorization Act. The amendment would, in effect, require that the number of Soviet diplomats in the U.S. granted diplomatic immunity not exceed the number of U.S. nationals granted similar status in the Soviet Union. Markup of the Authorization Bill in the Senate Select Committee on Intelligence is scheduled for 5 April, and we will be coordinating an Administration response with other concerned federal agencies before that date.

Sincerely,
